Xmas! Xmas!!

What about that Christmas present you were going to send to the Old Country? There is nothing that your male friends would appreciate more than a good Pipe or a Box of Cigars. Come and examine our stock. It is the finest in the Crow's Nest Pass.

Pastime Pool Room Morrison & Clayton Our Business Creed

We believe in the goods we are handing out in the firm we are building up and in our ability to get results. We believe that honest goods can be passed out to honest people by honest methods. We believe in working not weeping, not knocking, and in the pleasure of our work. We believe that a man can reasonably expect to get what he goes after, that one does not now is worth two planned for the future. We believe there is something going somewhere for every man ready to do it. We believe we're ready right now.

COLEMAN PEBBLES

Happenings of Interest in and Around this Bustling Town. You are Talked About

D. Davies is progressing favorably. Miss North, of The Palm, is visiting friends at Frank.

J. F. Povah left on Sunday last for a short visit east.

Adam Link, of Lethbridge, came to Coleman on Tuesday.

Charles Dunlop spent Sunday and Monday at Lethbridge.

J. A. Alexander, from Pincher City, was in town on Tuesday.

John McAlphie, of Corbin, Alta., visited Coleman on Sunday.

Mrs. Charles Henderson, of Michel, is visiting Mrs. Dan James in town.

Mrs. D. J. Hill was suddenly taken ill on Tuesday but is now improving.

T. Lebel, of Pincher Creek, was in town on business the latter part of last week.

Season tickets for the Skating Rink are on sale at the Pool Room. Usual prices.

Alex. Cameron, our popular jeweler, spent Thanksgiving Day with friends at Macleod.

Rev. T. M. Murray visited Lillo on Tuesday and returned to town again on Wednesday.

Mrs. James McNeill left on Monday to undergo treatment for rheumatism at the sanitarium at Banff.

Archibald Litch, the lumber man of Cranbrook, was in town, returning from the east, on Tuesday.

Rev. T. M. Murray, of Coleman, and Rev. T. Taylor, of Frank, will exchange pulpits on Sunday next.

BORN.—On November 6th to Mr. and Mrs. Adam Patterson, of the Grand Union hotel, a daughter.

Edward Kieley, manager at the Toggery, was holidaying at Pincher Creek the early part of this week.

B. M. Stitt recovered from a severe cold, and is able to hold his own since his voice has come back.

Do not fail to attend the public ball which will be held in the opera house on Monday night next. Prizes will be given for winning.

T. B. Smith, the C. P. R. agent at Coleman, who has been spending several days on the prairies, returned to town on Tuesday.

D. L. McPhee spent Sunday and Monday holidaying with friends at Lethbridge. Mr. McPhee says that Lethbridge is booming.

The hospital management wishes to thank Mrs. Frank Leary for gift of linen. Any other such gifts will be very much appreciated.

The C. P. R. wish to inform all concerned that they will discontinue to accept lake and rail freight, west-bound, on November 20th.

Two cases of drunkenness were tried in court here on Tuesday, by G. E. C. Martin, of Frank. Small fines were imposed and paid in both cases.

Reece Price, who is at the hospital and who was so seriously ill with typhoid fever, shows signs of improvement but is not yet out of danger.

The water in the well which is in front of house 81 has been condemned by Dr. Westwood and the town council have prohibited the people from using it.

John B. Wilkie, secretary-treasurer of the Royal Collieries Ltd., at Lethbridge, spent Sunday in town and was the guest of Mrs. Rupert Buchanan.

Mr. Nichols, of Vancouver, has accepted a position on the office staff of the International Coal & Coke Co. here, to fill the vacancy caused by Mr. Povah's resignation.

Men who wish to spend an enjoyable hour are invited to attend the bible class, held in the club room of the Institutional church, every Sunday afternoon commencing at 3.45.

The Thanksgiving service which was held in the Institutional church on Monday night last was very much enjoyed. The church was very nicely and suitably decorated. Mr. Davis was organist. Solos were rendered by Misses Gates and Holmes, Misses Easton and Hilling, and Mr. Holding, from Brantford, Ontario. At the close of the programme cake, sandwiches, tea and coffee were served and everyone appeared to be doing justice to it. Finally fruits and several cakes were dispensed of by Misses.

COUNCIL MEETING COURT AT MACLEOD

The City Council Met on Wednesday of Last Week, and Transacted Important Business

[The following report was unavoidably crowded out of last week's issue.] The city council met on Wednesday night, 4th inst. Those present were Alex. Cameron, chairman; E. O. Benedict, secretary-treasurer; E. O. Graham and Edward Holmes. The minutes of last meeting were read and approved. A communication from Hon. C. W. Cross, attorney general, for Alberta, was read and ordered filed.

A communication from the Red Deer fire department, re forming a provincial fire chiefs association, was handed in by the Coleman fire chief, F. G. Graham. On motion the secretary was instructed to write the fire chief at Red Deer, informing him that the Coleman brigade was heartily in favor of forming such an association.

Chairman Cameron reported that a stranger, named Price, was sent to the hospital and that the government had guaranteed to defray all expenses incurred by the patient. It was moved, seconded and carried that Mr. Cameron's telegraph expenses of \$2.40 be paid.

Complaints had reached the council re conditions of electric lights. On motion the secretary was instructed to write the company and ask them to have the defective lights remedied.

On motion Mr. Graham was authorized to superintend the building of a foot bridge across the east end of First street. On motion Mr. Graham was authorized to engage a suitable person to fire the nuisance ground and to inspect any premises necessary and order same to be cleared up immediately. On motion two notices were ordered to be put up near the side walk on Third street prohibiting crossing on the side walk.

No further business council adjourned.

R. B. Buchanan attended the assizes at Macleod on Tuesday and returned to town again on Wednesday.

D. J. Hill is away making a flying trip to Princeton but expects to be back by the end of the week.

Miss A. E. Anthony, who formerly occupied the position of book keeper for the Co-operative store, went to Nelson on Friday.

The shortage of cars at Lillo compels the coal company there to pile their coke. They have about 2,500 tons of coke ready for shipment.

A big boxing contest will be held in opera house at Coleman, on Tuesday night next when Jim Burrows, of Coleman and Ed Howell, of Seattle, will fight twelve rounds.

A meeting of the Recreation and Debating Club will be held in the club room, on Tuesday next, 17 inst., at 8 p.m., for the purpose of re-organization. All are cordially invited to attend.

FOR SALE.—A cottage beautifully situated, comfortable and located in the residential portion of Coleman. A good cash proposition or easy terms will be given. S. Charles Brooks, "The Cotton Woods," Brook street, Merritt, Nicola, B.C.

D. J. McIntyre, postmaster, who was summoned as a jurymen for the Macleod assizes and who went to Macleod on Monday was not called upon to act on account of his position here which required his whole time and returned to Coleman on Tuesday.

James Holding, of Brantford, Ontario, spent several days this week as guest of Mr. and Mrs. O. W. Benedict and left on Tuesday morning to visit his son at Nelson, B. C. Mr. Holding is leader of a Methodist church choir consisting of 50 members at Brantford, and while in town he favored the Presbyterian congregation with several solos.

The "Highlanders" entertained a well-filled opera house here on Friday night last. The picturesque wardrobe of the "Highlanders" was a decided novelty and their singing those sweet familiar airs delighted. Miss Dickenson, the lady reader and impersonator, was greeted by round of applause. Many regretted that the pipe and dance, Dan McDonald, took ill at Macleod and was unable to be present.

WRECK AT MICHEL

A String of Loaded Cars Gets Away—Motor Driver Hurled Down Forty Feet

Michel, Nov. 11.—A fearful wreck occurred here on Saturday afternoon last about 3 o'clock on No. 8 mine tracks of the big coal tipples, resulting in Charles Coutious, a young Hungarian motor driver, now lying at the hospital in a precarious condition. Charley was standing with his motor on the main track when unexpectedly the big motor and a long string of loaded coal cars came crashing down the track from the mine, having been signalled a clear track by mistake. George Gregory, brakeman on the small motor, jumped as he saw the train and the unavoidable smashup. Coutious was not able to clear the engine before it was struck by the on-rushing train, and was hurled over the side of the tipple to the C. P. R. tracks, 40 feet below, where he was found a few minutes later, planned underneath the motor. He was taken to the hospital where his right foot had to be amputated. He suffered in addition a broken nose and arm and many bruises all over the body. No hopes are being held out for his recovery.

Ma Lin who shot and killed his brother, Mah Lung, in their laundry at Blairmore, on July 31st last, was found guilty and sentenced to be hanged at Macleod, on January 5th, next. The jury were only out 4 minutes and brought in an unanimous verdict of guilty. W. M. Campbell appeared for the crown, and Mr. Macdonald, of Mackenzie, Macdonald & Watt, appeared for the defence.

Harry Thompson, who was accused of robbing the safe of the Crow's Nest Flour & Feed store at Blairmore, on Sunday night, September 21st, was found "not guilty" on the charge of robbery but was re-arrested on a charge of perjury, preferred by the crown, and was again committed for trial. His case will likely come up before the present sitting of the court.

Monte, the Italian who killed two companions at Lillo, on September 25th last, was found guilty of "manslaughter" and was sentenced to fifteen years in the penitentiary.

BUSH TOWN CELEBRATES

On Monday last, Thanksgiving Day, a very exciting time was witnessed at Bush Town. It appears that some of the male folk had taken too freely of something which gave them a fighting craze and some of the several nationalities residing there were anxious to give an exhibition. Many of the men were protected by their wives and children, the latter two mentioned were kept busy passing stones, bottles, etc. Missions from all directions for a while and things were lively there. Some now suffer from the loss of blood and sleep. Some who did the most daring acts are invited to be present at the R.N.W. M.P. barracks at a date which will be announced later, to receive their reward.

BAD ACCIDENT AT FRANK

While pushing a car of coal up the C. P. R. chutes at Frank, Thursday morning, the brakes failed to hold on account of frost on the rail and the car passed over the chutes, falling some 40 feet and taking with it the brakeman J. A. McAuley who was very badly injured. McAuley's foot was badly smashed as well as receiving other injury. At time of writing the patient was doing well.

FRANK NEWS

J. H. Farquharson was a visitor in town on Saturday.

BORN.—On Thursday last, to the wife of J. Kenny, a daughter.

J. Hamar, of Macleod, conducted the Baptist service here on Sunday.

Dr. Warnock, of Pincher Creek, was in town on business Wednesday.

Mr. and Mrs. C. F. Hill arrived on Tuesday from a visit to Calgary and Winnipeg.

A number of Frank people left for Macleod Monday night as witnesses in the Lillo murder case.

Rev. T. Taylor, of Frank, and Rev. T. M. Murray, of Coleman, will exchange pulpits Sunday.

The continued car shortage is near an end and the mines around here will be soon receiving a full supply of empty cars.

The electric light plant for the Canadian American C. & C. Co. will arrive shortly and lights are expected early in December.

The Highlander's company, gave a good entertainment before a large audience in the school house here on Saturday night.

J. A. Johnson of the coal company here left on Tuesday night for Spokane where he will meet Mrs. Johnson and they will shortly take up residence in the Silverman house.

The engine and dynamo for the West Canadian Collieries, for installation at the Bellevue mines, has arrived and is now being installed. H. P. Lloyd, of Winnipeg, is superintending the work.

ENGINEER KILLED

Ralph Keller, an Engineer at Brick Works, at Lethbridge, Meets With a Sad Death

A. and accident occurred at the Brick & Terra Cotta Co's. plant at Lethbridge on Tuesday morning which resulted in the death of Ralph Keller an engineer. We clip the following from Tuesday's Lethbridge Herald:—

The accident occurred this morning but as no one was present it will never be known exactly how it occurred. The last seen of him was as he was preparing to leave the engine room. There are two large belts, a large drive belt and a smaller one, close together. Instead of going around the machinery, employees sometimes step through the big belt but no one does this with the smaller one, they crawl under it. From the nature of the accident, however, it would appear that Keller had attempted to step through the smaller one and had got caught.

The man out in the boiler house, hearing the thumping, rushed in to see what was the matter and saw the lifeless body being whirled around on the belt and pulley. The machinery was stopped immediately. Keller's brains were dashed out, his back and hips were broken, and altogether he was mashed into an unrecognizable mass.

THE LABOR CANDIDATE

Donald McNabb, of Taber, formerly president of the Taber Miner's Union, is a candidate for the Alberta legislature. The election is necessary to fill the vacancy caused by the resignation of W. C. Simons who resigned his seat to become a candidate for the Independent Labor Party. The Socialists endeavored to have the Labor Party adopt their platform but failed.

THE TOGGERY

embled his friends and family to celebrate his achievements. He picked out his ideals high, and he knew none more clearly, when he failed to grasp what he had reached. He was once contributed by the Duke of Argyll and quoted by Miss Carter in her volume, "Tennyson," exhibiting the poet's humility.

"My first motto," I heard him utter, says the duke, "remain indelibly impressed upon my memory. Upon the occasion of a grand and brilliant party in the house of Lord York, I said, 'I am glad, perhaps with some emotion: I am glad, perhaps with some reason.'"

"I am so glad to know you!"

"Not in the tone or voice of the mere conventional reply, but in the accents of sincere humility, he said to me, 'I am glad to know you.'"

"You won't find much in me after all."

A New Relationship.

Tommy's mother had married again, and, though Tommy didn't like the least about his new father, he was somewhat puzzled as to their relationship.

"Mamma," he said, "is this man my step-father?"

"Yes, Tommy, he is your step-father."

"Well, mamma," pursued thoughtful Thomas, "you call me your little lad, don't you?"

"Yes, Tommy, you are mamma's little lad."

"Then, mamma," concluded Thomas, "I suppose I must be my step-father's little step-ladder."

Coleman, Friday, November 13, 1908

LOW IDEALS IN POLITICS

The Frank Paper in lamenting the defeat of the Liberal candidate, A. B. McDonald, has the following to say:—"Locally, the result was not all that might have been hoped for.

"Mr. Heron is returned and will sit as our official member at Ottawa while Mr. McDonald remains our unofficial member at home and must transact all our business with the government at Ottawa while another receives the honor and the remuneration."

We know it has been to a certain extent the practice of the Liberal government, even to the detriment of the people whom it is supposed to serve to turn down good legislation brought forward by the opposition but we have yet to find that good Liberal who is honest enough to admit that such a practice was a principle of Liberal rule. We give the Frank Paper credit for being honest in that respect. It is not a disgrace to Canada, to say the least, that the people are to be deprived of good legislation simply because it is introduced by a member of the opposition.

It is not a slight on the intelligence of the electors of this constituency if it be true that A. B. McDonald, to whom the voters refused their support, is to be our representative sitting alone in silent meditation on the back door step of the Glangary ranch planning out the destinies of this great southern Alberta. Canadian government is conducted on what is known as party lines. To carry out this principle of government we must have an opposition and to have a good government we of necessity must have a good, strong, aggressive opposition. If the policy of the Frank Paper were carried out, that of electing a man whose sympathies are always with the party in power, then is it not time to do away with the principle of party government and return to that of non-partisan, non-progressive government such as that which about wiped British Columbia off the map a few years ago. We are inclined to think that the views expressed by the Frank Paper are not in line with either of the two great parties—Liberal or Conservatives.

ALBERTA SHOULD HAVE VOTERS' LIST

The present system of enumerators' list of voters is not at all satisfactory and under the present law governing elections is simply useless as well as a needless expense to the people of this province. The law provides that even if your name does not appear on the list that you may swear in your vote and the privilege in this respect is very much abused. We know of many cases where people not entitled to vote have gone to the polls on election day, taken the oath or oaths and cast their vote. No one has the power to prevent this illegal voting and although a charge of perjury could be laid against the offender the vote counts just the same. Let us have voters' lists prepared long before election time, the lists taken before a court of Revision and names struck off or added as the case may be. Provision should also be made so that a man whose house is in Alberta and by reason of his occupation, as a commercial or other traveler, be compelled to be out of the province for months at a time should not be deprived of his vote. It is up to the government of Alberta to revise the present law governing elections and change it on a more modern and satisfactory plan.

LONGBOAT A PROFESSIONAL

The great fleet-footed, long distance runner, Tom Longboat, has severed his connection with amateurism and will hereafter appear in the professional class. It has been the fond hope of many Canadians that some day Longboat would find himself in a position to take the measure of that great runner, Alfred Schubb, and now their hopes are about to be realized. Longboat will run against Durando, the hero of sunny Italy, in New York on the 28th inst. and it is understood that he will then arrange to meet Schubb to decide the championship of the world. This will be a great race and will be watched with the greatest interest from all parts of the universe.

MCGILLICUDDY HAS TO PAY A FINE OF \$100

In the famous libel case, editor of the Calgary News vs. Bob Edwards of the Eye Opener, the jury returned the following verdict:—"We find the defendant guilty of libel." The jury also recommended that the judge caution the Eye Opener to refrain in future from publishing obscene literature and falling in this that the paper be suppressed. McGillicuddy was fined \$100 or three months in jail with hard labor.

CONSERVATIVES SWEEP KOOTENAY AND YALE-CARIBOO

The deferred elections which took place in Kootenay and Yale-Cariboo yesterday elected Goodvee and Burrell, Conservatives, by large majorities. It was a great fight and speaks well for the intelligence of the people of British Columbia. British Columbians will not tolerate the miserable treatment being handed them from Ottawa. The presence of Hon. Frank Oliver, Duncan Marshall and other Liberal leaders only added to the big majorities piled up for "Better terms and a white B. C."

BLAIRMORE CEMETERY

It is understood that a transfer in favor of the village of Blairmore for 32 acres of land has been forwarded to Ottawa and that in the course of a few weeks Blairmore will own the present cemetery with an additional 48 acres. The people are certainly well pleased with this arrangement, and just as soon as the deed is in the hands of the village council steps will be taken to have the land surveyed and plans will be made so that any person wishing special privileges in the way of plots, etc., may secure them by applying to the village council. The fact that this vexed question was settled just a few days prior to the Dominion elections gives it the color of a political election dodge. However, even if this be the case, and it is, the citizens are well pleased with the first settlement, and so far as the cemetery trouble is concerned it will be in a few weeks a thing of the past. Thus, Blairmore gets rid of one of her many troubles.

BLAIRMORE OPERA HOUSE OUT OF BUSINESS

It was sorry news for the people of Blairmore when they learned Friday last that the opera house had been leased for two years to Manifold & Domestic for use as a general store. It seems that owing to the slack time during the last year the parties interested in the building were unable to make it pay and having a good offer from the above firm thought it advisable to close the deal which will insure an income sufficient to pay good interest on the investment. It is rather unfortunate for Blairmore that this was the only building in town which was suitable for opera, concerts or large meetings of any kind. It is to be hoped that with the opening of the cement works, coal mines and brick yards which promise to be an accomplished fact before many months pass, that Blairmore will find herself in a position to support a first class opera house such as the one now in use at Coleman.

ROYAL COAL MINES

Lethbridge, Nov. 12.—The outline of the tipple at the Royal mines is looming up right on the horizon. The framework of the structure is almost complete. A large addition to the boarding house has almost been completed. The company now has accommodation for 100 men. The force of men employed is being increased as rapidly as work will permit. Work on the permanent water system is well under way. Material is on the ground for a 50,000 gallon water tank which will be erected immediately. The steel has not arrived yet for the spur, but is expected any time.

NO DELAY AT FERNIE

Fernie, Nov. 12.—No special events marked the observance of Thanksgiving Day here for though the banks, offices and stores were closed, there was no cessation of building operations. The time is now so short before the winter snows will put a stop to outdoor work that work on most of the large buildings has to be carried on every day in order that the structures may be completed as soon as possible. The local brick works are working to their full capacity and though equipped with the best modern machinery and engaging a large staff of men, are unable to keep up with the present demand. Building material of every description still continues to come in by rail and the yard capacity of the railways is severely taxed, and still the demand exceeds the supply. The large bridge across the Elk river, connecting West Fernie with the town, is well under way and will probably be completed in about two months. Satisfactory progress is being made with the Elk Lumber company's mills and several of the outbuildings have been finished. It is expected that two more hotels will be opened in the course of the next few days, in brick and stone structures, which will afford sufficient accommodations for the requirements of the transient trade and also for permanent boarders. If the weather only remains good the town will be in splendid shape to tide over the winter.

Notice to the Public

I take this opportunity of informing the residents of the Pass that I am prepared to collect accounts, rents, etc. Anything in this line entrusted to me will receive prompt attention. Commissioner for taking affidavits. House and shacks to rent.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section or a half section of land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of the land he is settling, or at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister, in certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$10.00 per acre. Duties—Must reside on the land in each of three years from date of homestead entry (excluding the time required to carry homestead parcel and cultivate fifty acres extra.

A homesteader who has cultivated his homestead right and cannot obtain a pre-emption may take a pre-empted homestead in certain districts. Price \$20.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

W. W. CORY,

Deputy of the Minister of the Interior
N.B.—Unauthorized publication of this advertisement will not be laid.

SYNOPSIS OF CANADIAN NORTH WEST HOMESTEAD REGULATIONS

Any even-numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta (excepting 1 and 25 not reserved), may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-Agency in the district in which the land is to be settled, or at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of any intending homesteader.

Duties—(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on land owned solely by him, not less than eighty acres in extent, in the vicinity of the homestead. He may also do so by living with father or mother, on certain conditions. Proof of residence is not required.

A homesteader intending to perform his residence duties in accordance with the above while living with parents or so residing is not required to notify the Agent for the district or the Interior.

W. W. CORY,

Deputy of the Minister of the Interior
N.B.—Unauthorized publication of this advertisement will not be laid.

A PRAIRIE FIRE

On Saturday, One Mile and a
Half West of Pincher City—
No Serious damage done

On Saturday, at about 4 o'clock, a
fire broke out about one mile and a
half west of Pincher City. It is sup-
posed to have been started by a spark
from a passing train. The grass is as
dry as tinder as a result of the mild
weather for the past few weeks and
fanned by a strong chinook was soon
making a great headway. The alarm
was soon sounded and in an excep-
tional short time there were from 75
to 100 fighting on the job. Corporal
Moses, of the R.N.W.M.P., was on
hand early and directed the action of
the fighters who worked with shovels,
spades, forks, gunny sacks and brooms.
In fact, anything which could be of
service was used with which to com-
bat the flames. Fortunately, the
prairie grass to the north east of
Pincher City about a mile distant is
pastured very short but the fighters
had enough to do to check the wings
from spreading and getting in
amongst the buildings. Right here is
where the water service comes in
handy, and much credit is due O. E.
Green and John Andros who kept the
men supplied with water, to dampen
the gunny sacks and brooms, from the
well.

The wind was directly from the
west and several times new leads
broke out behind the fighters neces-
sitating the distribution of watchmen
all along the line of the fire.

Practically no damage was done,
except to a haystack belonging to Mr.
McKnight which was burned, and the
fire was extinguished at 6 p.m.

A SAD ACCIDENT

Crabbrook, Nov. 11.—Yesterday
morning a brakeman, Ed. Brown, in the employ of the C.
P. R. while clearing the emergency
brake of a work train engaged in bal-
lading the new switch track here, fell
under the flat cars and had both arms
crushed near the elbows. He was at
once removed to the hospital where it
was necessary to amputate both arms.
Brown was married about two months
ago and very great sympathy is felt
for the unfortunate young man and
his wife. The accident was not due to
any carelessness on the part of Brown,
nor to any defect in the appliances or
tracks.

THE GREATEST BATTLESHIP

Davenport, Eng., Nov. 12.—The Col-
lingwood, the most powerful of all
British battleships and the sixth vessel
of the Dreadnought class to be placed
in water, was successfully launched
here on the 8th inst. Mrs. Asquith
who was accompanied by her husband,
the prime minister, gave the signal
which set the launching machinery in
motion and as the huge mass of steel
plunged in the water, she christened the vessel.

USE

New Life

FOR

**Stomach
Trouble**

PINCHER CITY

Boost for Pincher City.

Hotel Alexandra 50 yards from
depot.

Chris. Buchanan is tending bar at
the Alexandra.

Howard Ryan visited his aunt in
Blairmore on Thanksgiving day.

Use "New Life," the world's great-
est guaranteed cure for indigestion.

Miss Alex. McCallum of Calgary
spent the week end the guest of Miss
Lillian Hagen.

Mr. and Mrs. Earl Cook were visit-
ing friends and relatives in Proctor,
B. C., last week.

The elevators at Pincher City are
buying wheat on tuck and are paying
51 cents for No. 1 red winter.

Clarence Grant, of the C. P. R. staff
here, was a visitor in Lethbridge, last
week, where he was best man at a
pleasant event in which Lorne Dobbie
and Miss Teresa Golden, both of
Pincher Creek, were united in
marriage.

Use "New Life," the world's great-
est guaranteed cure for indigestion.

During the progress of the prairie
fire the windmill took its cue and got
up a terrific burst of speed in its en-
deavor to supply ample water for the
fire fighters. The attempt was wit-
nessed by hundreds and was almost
superhuman but entirely successful.

If a number of people (transient and
local) who take meals at the Alex-
andra hotel now-a-days, is any evi-
dence of the public necessity of an
hotel here, then we should have had
one long ago. Modern accommodation
is what the public demand now-a-days
and it is a fact that they will suffer
privations in order that later on they
may obtain this accommodation. This
has been our trouble for a year or
more but now ample accommodation
for all is obtainable here.

The genial "Tom Campbell" has a
good story quite applicable to the
times. The story runs, that in a cer-
tain riding the Conservative candidate
was Mr. J. Harrington and the Liberal
aspirant Mr. A. McDonnell. Without
knowing the exact whereabouts of the
other fellow they both happened to
reach a small town in the upper part
of the constituency on the same after-
noon. When Mr. McDonnell drove
up to a neat looking cottage he noticed
the woman of the house in the yard
splitting some wood, quickly alighting
from his carriage, in the most gallant
and obliging manner, Mr. McDonnell
bowed the lady to allow him to use
the axe. While gathering up the
kindling the lady said, "Now I will go
in and get tea ready for you two gen-
tlemen as Mr. Harrington is in the barn
milking the cow."

C. P. R. PLANS EXTENSION

Edmonton, Alta., Nov. 11.—An en-
ormous project of railway expansion
in Western Canada, including British
Columbia is planned by the Canadian
Pacific railway. It has already been
ratified by the board of directors.
Details leaked out on the return here
of Mr. John Hislop, an engineer who
had charge of four different survey
parties in the north this season.

The company proposes building a
branch six hundred miles north of
Edmonton to Great Slave Lake, the
center of an agricultural country
said to rival the best sections of Al-
berta and Saskatchewan. At Stur-
geon Lake, two hundred miles south
of Great Slave lake, another branch
—really a main line—will run through
the Peace river district and trav-
ersing the Pine river pass will cross
the Rockies and striking the Fraser
river will follow it for hundreds of
miles. The objective is either Kam-
loops or Ashcroft. It is stated that
the company may also extend this
line westerly from northern Cariboo
to a point on the waterway midway be-
tween Vancouver and Prince Rupert.
This feature of the plans, however,
has not yet been definitely decided.

The various survey parties in the
field this season made reconnaissance
surveys and gathered in valuable data
respecting the resources of the vari-
ous regions along the proposed
route. It is regarded as likely that
a start on railway construction on
the line north of Edmonton will be
commenced next spring.

The project implies that the Cana-
dian Pacific will become the suc-
cessor in tapping a country which has
been regarded as tributary to the
United States.

By the Aid of Powder

The Convenient Powder Book.

Advice to Correspondents

To Remove Pimples

C. H. C.—Take a good blood purifier; abstain from rich, unwholesome food and use a cream for pimples, recipe of which is given below:
Petroleum, one ounce; linolin (anhydrous), one ounce; hydrogen peroxide, one fluid ounce; acetic acid, one fluid dram.
This preparation, usually employed for the removal of pimples, may be also used for blackheads.

An Excellent Rouge

MRS. B. N.—I feel quite confident that the following recipe will be just what you want: Sweet almond oil, four ounces; white wax (melted), 320 grains; spermaceti, 320 grains; benzoin (finely powdered), 100 grains; rice powder, 320 grains; pure carmine, fifteen grains.
Blend the fats in the inside receptacle of a cutand bottle; add benzoin while they are heating, the rice powder and carmine while cooling, and the tincture last of all. Spread it on the face and neck gently and carefully, rubbing it into the skin, and avoid getting it into the eyebrows or close to the eyes. Powder with any flesh-colored powder or velveteen, applying freely with a puff; and, after a little while, wipe off with a bit of chamois. This makes a soft, fluffy as a plaster of paste and paints all slight imperfections, without having the repulsive artificial look which they give. By artificial light it is in-acceptable.

Two Recipes

SARGENT—You will have no difficulty in making up the following recipe for tooth powder: Precipitated chalk, four ounces; powdered iris root, eight ounces; powdered camphor, one ounce. Triturate the camphor in a mortar, moistening it with a very little alcohol. Add other ingredients. Mix thoroughly and sift through a fine bolting cloth.
To whiten your arms and hands bathe them in buttermilk. Or a teaspoonful of tincture of benzoin to an ounce of rose-water forms a lotion which is excellent for whitening the skin.

A Heavyweight

G. W. D.—The best way to work off superfluous flesh is by exercising. Take long walks; do not stroll along, but set a pace and keep it up throughout the entire walk. Diet strictly, avoiding all starchy and sweetened food. Exercises for reducing different parts of the body are published almost weekly upon this page, and it would be well for you to try some of them.

For Sunburn

TRAVELER—When the face has become sunburned, mix the following ingredients together and apply the preparation to the affected parts: White petroleum, two and one-half ounces; paraffine wax, one ounce; castor oil, one ounce; water, one and one-half ounces; oil of rose, three drops; alcohol, one-half dram.
Nothing is better for cleansing hair brushes than ammonia. It does not soften the bristles on soap and soda. Put a teaspoonful of ammonia into a quart of water and wash the brushes in the solution, pressing the bristles through out of the water. The brush is thus rinsed in clear water and dried in the air.

WHAT could be more important or more engrossing than the selection of the dainty little trifles that go to make the toilet of a dainty woman? She must not only have the usual attractive touches to her costume, but even the things unseen must be perfection.

Powder vehicles are important, and are made in various ways. Some are of glass with silver tops and have a tiny powder puff within. This milady uses in any way that strikes her fancy. There is also a little home-made puff, a bag of knitted wool, with a tiny bag of muslin inside, "holding" powder. The muslin is not thick enough to keep the powder from sifting through, so the knitted bag may be used as a powder puff. Unless shaken, the powder remains in the bag.

Sometimes, too, milady sprinkles her powder on absorbent cotton, which she fastens into a dainty white cover. This may be carried in her stocking, and when the cover is soiled it may be washed. Such a portable little bag will always be found useful, particularly on hot summer days, when milady feels that a little dash of powder would make her a new woman.

Powder leaves, too, are satisfactory. They are so arranged that they may be used at any time or in any place. They are of great value when auto-mobiling, for they may be easily applied without the powder blowing away.

Sometimes a powder bag, like that carried in the stocking, is carried in the handkerchief; then, when the mouchoir is taken out, it may be rubbed lightly over the face and a little of the powder will fly. Such a contrivance is an invaluable assistance—particularly when shopping—and the whole may be easily carried in one of the dainty bags of cretonne which at present are so much used.

There are hand-embroidered reticules, too, that are used for carrying powder. Boxes of tin or paste-board glass and ebony are no nice for sprinkling the powder on sunburned arms or prickly heat, that enemy of dainty skins. There is no friction to irritate delicate skins when this sifter is used.

With all these many aids to beauty it seems almost inconceivable that any one would be willing to look tired, hot and sticky, when it takes

To Reduce Hips

MRS. T. B.—The following exercise, if persevered with, will reduce flesh round the hips: First, raise the outstretched arms above the head, the body retaining its erect position, then bend slowly forward from the waist, so that the fingers come as near touching the floor as possible, without straining in any way. This is done without bending the knees. In recovering position, let the arms relax and sink down as the body straightens up. Second, with hands placed lightly on the hips, the fingers pointing forward, let the body drop forward easily, so that it is bent at the waist. This must be done gently, as by jerking more harm than good is done. From this bent position roll the body round to the right, counting four for it to reach the position of being bent over the side, then to the back, being careful to do it very easy at first, till the muscles have gained strength, for an exaggeration of the movement may cause flat feet. Then, on to the left, and back to the front. Practice again, only start toward the left. The waist acts as a pivot on which the trunk swings, and the head is easily relaxed. In the third exercise the hands have the same position, but now the body is bent forward from the waist, then back, then to the right and left. Each movement should occupy four counts. Take these exercises gently, but let the movements be firm and strong. Avoid the slightest strain of the muscles. No corsets should be worn while practicing them.

Eyelash Stain

M. K. O.—Here is a perfectly harmless stain for eyebrows and lashes: Gum arabic, one dram; india ink, one-half dram; rosewater, four ounces. Powder the ink and gum and triturate small quantities of the powder with the rosewater until you get a uniform black liquid in a powder, and then add the remainder of the rosewater to it. It should be applied with a very tiny camel-hair brush.

Making Powder Bag.

Massage Cream for the Bust
MARIE W.—I agree with you that a cream is what you need to develop your bust, and the recipe I am giving you will be a good one for you to have made up:
Linolin, five ounces; spermaceti, one-half ounce; nutmeg (freshly tried), four ounces; coconut oil, four ounces; oil of sweet almonds, four ounces; tincture of benzoin, one dram; oil of neroli, twenty drops.
Mix as you would any cream of the sort. Rub on gently at night.

To Remove Scars
CONSTANT READER—Here is the formula for a salve which has been most successful in fading slight scars, and it will help to get rid of the marks left by the scratches: Linolin, two drams; ointment of biniodine of mercury, one dram. Rub in well once a day.
When the lips burn after a long ride through the wind, rub a mixture of rosewater and glycerine into them. This will relieve the burning sensation in a very short time.

Two Recipes for Toilet Water
MRS. WILLIAM R.—I am giving you recipes for two toilet waters, lavender and violet: Oil of lavender, six fluid ounces; alcohol, forty-eight fluid ounces; rosewater, eighteen fluid ounces; magnesium carbonate, one avoirdupois ounce.
Essence of violet, seven fluid ounces; essence of rose, two and one-half fluid ounces; essence of cassia, two and one-half ounces; alcohol, fifty-six ounces.

Causes of Falling Hair
PERPLEXED—Neglect, dandruff, eczema, washing with too strong soap, neuralgia, headache and worry are some of the many causes for falling hair. Careful treatment should be administered. Brush it gently every night, then give the scalp a good massage for fifteen or twenty minutes, using the tips of the fingers. The following is an especially good tonic recipe, and it is a good idea to rub a tonic into the scalp while massaging.
Cologne, eight ounces; tincture of cantharides, one ounce; oil of English lavender, one-half dram; oil of rosemary, one-half dram.

Snow of Cucumber
ANNA—One of the best remedies for sunburn and freckles is as follows: Two small cucumbers, four ounces olive oil, two ounces linolin, one dram white wax, one dram spermaceti.
Heat olive oil. Slice up the cucumbers, not removing the peel, and place in the oil. Leave for twenty-four hours. Strain.

Crocheted Powder Puff

but a very few minutes to make a powder bag. It may be made of the coarsest of cheesecloth and it would be just as useful as though it were made of the finest satin or damask. Surely, here the French women have the advantage of the Americans. They would never think of leaving home without taking with them all the things that make them comfortable.

Using Handkerchief Powder Bag.

Always Purchase Good Combs

It is a mistake to economize on combs. Too many girls think that anything will do. There is no greater mistake as uneven, rough or jagged teeth not only break the hair, but often irritate the scalp.
If one can afford it, tortoise shell makes an ideal comb; those of ivory are equally good and even more costly. If celluloid is used, be certain that it is perfectly smooth on the points and sides; also, do not use it too near a flame, as it is inflammable.
The teeth should be fine, strong and rounded.

Sugar Does Not Affect Teeth

It is a mistake to think that if children be allowed to eat sugar they will have bad teeth in consequence. There is no foundation whatever for such a notion. The negroes of the West Indies, are excessive consumers of sweets. They eat an enormous amount of sugarcane molasses and raw sugar, yet these people have particularly fine teeth.
Whatever other injuries sugar may be capable of doing to the human system, it is very certain that it does not do any injury to the teeth, either in old or young persons.

PRETTY ELBOWS

Holding the Elbow in Hot Water. Using Flesh Brush. Massaging with Sweet Almond Oil.

PRETTY elbows are desirable. Even though elbow sleeves go out of fashion, the musculetine style—made of tulle or chiffon—is quite transparent enough for soft, round arms to be necessary.
A child originally has adorable dimpled arms and elbows that in their baby curves are perfection. What a pity it is that, as the child grows up, the skin over the joints becomes hard and goose-bumpy—altogether unattractive.
No one can expect to have soft elbows when they are continually used as props for the head. Do not rest the elbows on hard substances; let the weight of the arms rest on the lap. Even quite stout people often have callous and ugly elbows, resulting from the habit of leaning upon them—and it is so easy to keep them soft and pretty. Of course, the bad habit must be corrected before one may hope to attain any amount of success in acquiring pretty, dimpled elbows.
Every night elbows should be held in a basin of hot water and allowed to remain there for at least ten minutes. Do not let the elbows touch the hard bottom of the basin, but let it come in contact only with a folded towel.
After the long bath the elbows should be briskly rubbed with a flesh brush to increase the circulation and stimulate the tissues. The brush also removes the dead skin, and soon the fresh new skin will replace the ugly "goose-flesh." Then the flesh brush need not be used so frequently, though the hot bath should be continued.
After the brushing use hot sweet almond oil and massage it well into the skin. Rub it for at least ten minutes, and afterward hold the elbow in a warm, moist cloth for an hour. This method, if the massage is satisfactory, is sure to work improvement.
It is perfectly natural that when we do not care for the little details of our person, the details should not take care of themselves. We cannot expect to have perfect skin unless we take some little thought about it.
Now that the reign of mud-bath summer frocks is almost over for another season and the conventional evening gown is in vogue, it is a very important matter that the girl who expects to go to parties should be equipped with soft and pretty elbows. For they do say that evening dresses are to be abandoned. This, however, may not be a true guess.

Pincher City Mercantile Company, Limited

We carry a full line of Heavy Winter Underclothing, Heavy Wool Blankets, Heavy Lined Duck Coats. You will be interested in this line of goods at this season of the year, because this class of goods are seasonable. We have an enormous stock of the above named goods on hand, and for the next thirty days we will make a substantial reduction from the regular price of these goods. We want you to come and examine the quality of these goods, and note our regular prices on same, you will find that our regular prices can not be duplicated elsewhere in the district, and the reduction that we will make off the regular prices will pay you for coming miles to make the purchase.
